Coached all youth levels of soccer
Loves the game of Soccer

Kevin Buhler, E Coaches License
4+ years Coaching Experience
(920)757-0382
Loves the game of Soccer

Team Goals: Our goal is to become a State League Team

Practice: Players are expected to attend ALL practices, although we understand that conflicts may occasionally arise. Missed practice(s) will have an impact on playing time. If your child is involved in several activities and it proves difficult to make practices, you may want to reconsider making the commitment to this team.

Playing Time: Players who are physically, technically, and tactically stronger at their positions will see a little more playing time. Every player will play a minimum of 40% of every game. Most will play more. Every player is expected to attend and work hard at every practice.

Schedule:

Indoor Soccer - Based on Teams interest, we will have an active indoor season; possible indoor Tournament.

Fall League – The team will play two Fall tournaments and one of these will be a Milwaukee tournament (the boys need to see the teams they will face in the state league when they get older)

Summer League – The team will play in the Top U11 league; our goal is to become a State League Team! We should play at least four tournaments: the two Neenah tournaments, one in Milwaukee and one team choice.

Expenses: The cost, depending on the number of tournaments we enter, will most likely be around \$500+; not including travel expenses. For new players needing uniforms, there would be an added expense for the uniform: roughly \$125-\$150 (uniforms are generally worn for two seasons – though we just went thru our first season).

Team Offers: After the evaluation and alternate evaluation sessions are complete, the assessors' data will be used to rate the players. After the tryouts are over, calls will be made to offer spots on the Gunners Team. Families are asked to respond ASAP.
